No

to travel around Germany

When do you use the "Deutschlandticket"?

I don't have it

Never

Going back home by bus, travel (for example to Munich)

/

never

Everyday when I go to school

What means of transport do you use to go on holiday?

the car

the train

the plane

the bus

the bike

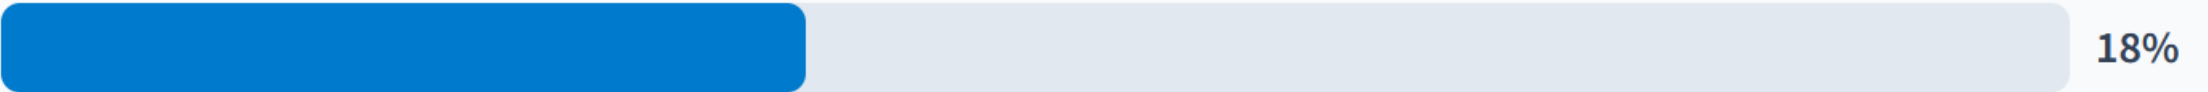

I would go more by bike if we had more

cycle lanes

less cars

if a had an electric bike

What will the future of (public) transport look like?

more possibilities

I dont know bro

I hope there will be more opportunities to take the bus or the train because our public transport opportunities aren't enough

cars

More trams

electric cars

What will the future of (public) transport look like?

better possibilities to go by bus or train. Trains should be in time and they should go more often. Same for busses. In the city, cars should be reduced as much as possible

More busses, trains and opportunities to use them. Less cars in the city.

Mabye cars which can fly

Much more electric cars and more people with bikes.

More electric cars

only electric cars
